Your dental care is changing

Dear Patient

At MJ Warren Dental Practice, you should have access to routine dental care at regular intervals and any time of need (dental emergencies such as lost fillings and pain). This has become increasingly more difficult with each passing month following the global Covid-19 pandemic, which resulted in thousands of NHS dentists no longer being able to work under the conditions enforced. This has meant a national shortage of NHS dentists and, therefore, vastly reduced the availability of NHS appointments. As you know, we have been painstakingly attempting to recruit an NHS dentist for several months without any luck. Our efforts have recently resulted in us recruiting a dentist for a short time, one day a week. As this is only a short-term option for us, we have been looking into the options available to us to provide you with the care you deserve. This is something we believe very strongly at MJ Warren Dental Practice.

To ensure we can continue to offer the level of care, we feel you deserve; we will no longer be offering NHS treatment from 31st March 2023. We will instead be offering Denplan payment plans or pay-as-you-go private care. We have a limited capacity for Denplan patients (just 500 spaces available); therefore, places will be on a first-come-first-served basis.

To ensure that our patients benefit from this change, we are offering amazing budgeting plans from Denplan to help to spread the cost of your routine dental appointments over the year with the added benefit of optional Supplementary Insurance. **Denplan Essentials costs just 60p a day** and means you can be safe in the knowledge that your dental health is being looked after, whether it is your routine dental appointments at MJ Warren or you have a dental emergency during your family holiday and your Denplan Supplementary Insurance helps you get the treatment you require (T&C's apply.) **Denplan saves you over £100 a year on our private fee per item option.**

For just £17.63 per month Denplan Essentials covers:

- 2 check-ups and 2 hygienist appointments per year
- 2 Routine x-rays as required
- 10% discount on any further treatment needed

PLUS! Denplan Essentials offers family discounts of up to 15% and optional worldwide dental emergency insurance. For more information about discounts and optional worldwide insurance, please see below. If you choose not to register with Denplan Essentials but still want to remain as a patient at MJ Warren, you will need to pay our private fees at each visit. If you have any questions, please call 0333 3601 766.

Yours sincerely
